(Miami, FL) – Who doesn't love rewarding a family member or close friend for constantly going the extra mile to brighten up your day? In Discovery Family's new original series **RENO, SET, GO!**, premiering **Monday, June 19 at 10/9c**, everyday people, who've been thrown a curveball or two from life, get the ultimate surprise when friends and family work together to pull off a covert room makeover designed just for them. New episodes of the series air Mondays at 10/9c on Discovery Family and stream live on Discovery Family GO, the network's TV Everywhere app offering live and on demand access to your favorite Discovery Family series and specials. Episodes will also be available on demand the following day on Discovery Family GO.

In each 30-minute episode of **RENO, SET, GO!**, produced by Scott Brothers Entertainment, co-founded by Jonathan and Drew Scott, a family and a team of expert craftsmen led by designer Cheryl Torrenueva and contractor Roger Morin perform a top-secret renovation for an unsuspecting homeowner while they are purposely kept out of the house. Nominated by their spouse or family member, each unknowing party thinks it's just another normal day, but little do they know that they are about to receive an incredible makeover in one major area of their house from a special team of designers, contractors and numerous accomplices paving the way. From start to finish it's a family affair and all hands are on deck as everyone works together to plan the design and execute a custom room renovation in under 36 hours.

All the unsuspecting homeowners featured in the series are in desperate need of a home refresh and have overcome challenging situations while remaining positive and inspiring others with their enthusiastic outlook on life. From a couple who maxed out their savings on costly fertility treatments, a single dad whose life revolves around his tween daughters and loving parents to two young children with special needs, **RENO, SET, GO!** is a family-friendly renovation series that combines construction, clever design and masterful suspense all in the name of giving back to some very special individuals.

As a complement to **RENO, SET, GO!**, starting today, amateur renovators and home makeover enthusiasts can watch a six-hour renovation of a children's playroom in real time at DiscoveryFamilyChannel.com. From start to finish, viewers will get a behind-the-scenes look at the entire makeover process from removing old carpeting, installing wood floors, painting the walls and building a loft as part of a special renovation that will be featured in an upcoming episode of **RENO, SET, GO!**

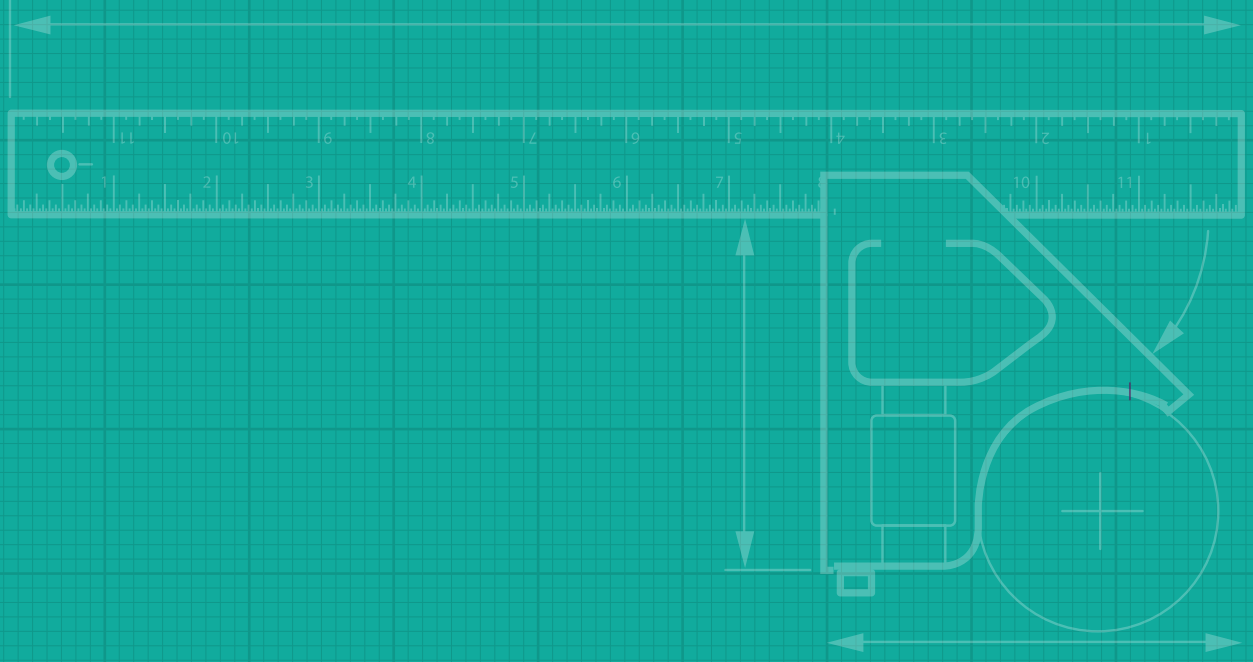

RENO, SET, GO! is produced for Discovery Family by Scott Brothers Entertainment. Jonathan and Drew Scott and Josie Crimi are the executive producers and Danielle Kiraly is the series producer for Scott Brothers Entertainment.
