The gold miners and paranormal team head to an abandoned mine along the Elkhorn Mountains in the community of Sumpter. - **Episode 102 premieres Thursday, September 29 at 10/9c**

After a cave-in and a team member quitting, the team continues mining for gold. Paranormal investigators Patrick and Kristen use a robotic probe and make a discovery in the eastern tunnel. This leads them to believe that the whole town, and not just the Crescent Mine, is haunted.
