DR. G: MEDICAL EXAMINER (SEASON 6) #4 - DEADLY HOLIDAY

A 58-year-old man is rushed to the ER by his wife after becoming disorientated. Doctors work tirelessly, but he slips into a coma and eventually dies. Concerned that he may have been exposed to rabies, the man's doctors and devastated family turn to Dr. G for answers. While at dinner on vacation with her son and grandson, a 72-year-old woman thinks she's choking on a fish bone. Later that night, she is rushed to the hospital when she suddenly can't breathe, but doctors are unable to save her. Shocked and grief stricken, her family hopes that Dr. G can provide them with closure.
