### ID FILMS: TELLING AMY'S STORY \*\* TV-PG (V)

#### **One-Hour Documentary Premieres Monday, October 8 at 7 PM ET**

By laying bare one woman's story and the many opportunities to alter its outcome, this October, Investigation Discovery commemorates Domestic Violence Awareness Month in the hope of educating, empowering, and even saving lives. On November 8, 2001, Amy Homan McGee was killed by her abusive husband of four years while her children waited outside in the car. Hosted by actress and advocate Mariska Hargitay, and told by Detective Deirdri Fishel, TELLING AMY'S STORY follows the timeline of the tragic domestic violence homicide that occurred in central Pennsylvania. The victim's parents and co-workers, law enforcement officers, and court personnel share their perspectives on what happened to Amy in the weeks, months, and years leading up to her death.

### ID FILMS: WERNER HERZOG'S INTO THE ABYSS: A TALE OF LIFE, A TALE OF DEATH

\*\* TV-14

#### **Feature-Length Documentary Makes Its World TV Premiere on Tuesday, October 23 at 8 PM ET**

Werner Herzog's *INTO THE ABYSS* debuted in September 2011 to rave reviews and festival buzz from Telluride to Toronto. Exploring the intricate details and emotional aftermath of a triple homicide in Conroe, Texas, Herzog sought to better understand the impact of life in prison and the shattering effects of the death penalty. Of the two young perpetrators featured in the film, one will spend most of his life in prison while the other was executed just eight days after his interview with Herzog.

### ID FILMS: SIN BY SILENCE \*\* TV-14

#### **One-Hour Documentary Airs Wednesday, October 24 at 7 PM ET**

Inside the California Institution for Women, the first inmate-initiated and -led group in U.S. prison history shatters the misconceptions of domestic violence. Convicted Women Against Abuse (CWAA) was created in 1989 to help women in prison break their silence about abuse and learn more about what they can do to help others stop the cycle of violence. Instead of fighting a system that does not fully comprehend the complexities of abuse, the founding women of CWAA led an initiative to help educate the system. Through careful orchestration of letter writing campaigns, media coverage, and senate hearings, a movement was born and laws for battered women were changed. And for the founder of CWAA, the flicker of hope grows as her possible freedom, after 26 years in prison, lies moments away.
