**TLC'S 'MY GIANT LIFE' RETURNS WITH A BRAND-NEW SEASON OF  
TALL TALES TO TELL ON SUNDAY, SEPTEMBER 17<sup>TH</sup> at 10/9c**

Standing inches and sometimes feet above others can give a person a different perspective on life, but that doesn't always mean life won't have challenges that go over their head! Step into the shoes of six women who are seemingly too tall for the average-sized world, standing at 6 feet 6 inches and above. Being extraordinarily tall will certainly help anyone stand out, but for the women featured on MY GIANT LIFE, their height sometimes is the only thing people seem to notice. Returning for the season 3 premiere on Sunday, September 17<sup>th</sup> at 10/9c, Haleigh, Alicia Jay, Katja, Lindsay, Krista and Coco will take viewers inside their everyday lives as they deal with issues that far surpass height than ever before.

Haleigh, 6'7" and Bryan, 5'8", survived their first year of marriage and a cross-country move but, an unexpected pregnancy and news that Haleigh may face complications in the delivery room have the couple worried. Alicia Jay, 6'6" is tall, fabulous, and a thirty-six-year-old virgin. She is out to find a man who accepts that she's saving herself for marriage and that she is tall and proud of it. Katja, 6'9", and her wife Julie, 5'2", are ready for a baby, but are missing a key component – sperm! A disastrous meeting with potential sperm donors leaves them back at square one and wondering how they will ever complete their family in New York City. Lindsay, 6'9" is starting over in Las Vegas after a bad breakup. She finds someone to finally share clothes with in new roommate, 6'6" Krista. Will the tall roommates hit it off or does their height similarity leave them destined for disaster? Coco, 6'6", and her boyfriend, Wil, 5'10", are in love in Austin but when Coco says she wants to see other people, the couple's relationship is heavily strained.
