## **MORE BUILDS, MORE ACTION AS “TREEHOUSE MASTERS” CELEBRATES 100 BUILDS IN ALL-NEW SEASON**

*All-Pro NFL Wide Receiver Antonio Brown Gest Sky Box Views From His Own Backyard*

(New York, NY) Tree-whisperer Pete Nelson and his visionary crew are back with more unbelievable treehouse builds across the country and a milestone celebration: 100 builds completed on **TREEHOUSE MASTERS!** Pete and the team have mastered creating unique sky-high structures that fit their clients’ dreams and take treehouses to the next level, including a major build for football star, Antonio Brown of the Pittsburgh Steelers. The new season kicks off **Friday, August 17 at 8 PM ET/PT.**

Get ready for an all-new season as Pete and the NTS crew travel to the island of Kauai with a special two-hour season premiere. Pete and the team build a treehouse for a couple who moved to the Garden Island for a more “leid” back life in the Aloha state. Treehouse dreams also come to life on the mainland when Pete and his gifted band of carpenters travel to Sisters, Oregon to build for an exceptional client who, at the age of 81, finally gets one of her greatest wishes fulfilled: a TREEHOUSE! Later, the crew journeys to Alabama’s Appalachia on a mission to build a stylish super spy treehouse complete with gadgets, hidden passageways and secret rooms.

But that’s not all! Pete and team also create a “rumpus room” treehouse built strictly for good times and parties. On this build, Pete’s son, Henry, steps up as site lead for this first time and takes the team on a “first-ever” of their own...installing a hot tub in a treehouse. That’s 4400 pounds of cedar, water, and splish-splashing good times.

Before you dive into a new season of **TREEHOUSE MASTERS**, viewers can re-watch the last two seasons on Animal Planet GO and keep an eye out for *Animals of the Treehouse*, a short form video series focusing on the four-legged stars of the show, like the Nelson’s beloved dog, Chica.

**TREEHOUSE MASTERS** is produced for Animal Planet by Discovery Studios.
