ANIMAL PLANET’S “BIG, SMALL & DEADLY” EXPLORES AWE- INSPIRING ANIMALS WITH DAVE SALMONI

The New Series Premieres Tuesday, August 20 at 9pm ET/PT

Dave Salmoni, wildlife and large predator expert with more than two decades of experience facing untamed nature, is back with an all new series, **BIG, SMALL & DEADLY**. The series will take audiences on a journey to discover more about the wild, beautiful and unpredictable world of nature, from large apex predators to the world’s tiniest warriors. **BIG, SMALL & DEADLY** premieres Tuesday, August 20 at 9 pm ET/PT.

Nature's remarkable and astonishing animals are on full display in this new series hosted by zoologist Dave Salmoni. From continent to continent, **BIG SMALL & DEADLY** will celebrate the beautiful beasts who share our stunning planet, covering everything from the intelligence and cunning of killer whales, to an impressive group of chimps in Uganda. From India to Africa, and across North America, this series follows the circle of life of majestic creatures in their fight to survive against all the odds.

Additional stories this season include investigating man-eating big cats in India, examining the crocodile crises in Central America, diving into the mystifying world of the jellyfish and their impact on waterways across the globe, and more.

BIG, SMALL & DEADLY is produced for Animal Planet by Discovery Creative & Production where Kelly Lueschow is executive producer, Barbie Jenkins is supervising producer and Matt Katzive is Group Vice President. For Animal Planet, Pat Dempsey serves as supervising producer.
