(Silver Spring, Md.) – More than 50 years ago an obscure automotive endurance race, the 24 Hours of Le Mans, became home to a high-stakes grudge match whose ripple affect altered the car industry forever. Ford motor company took on the world-class sports car maker Ferrari in a showdown at Le Mans that redefined the legacies of both companies. Now, MotorTrend TV's one-hour special **AUTO/BIOGRAPHY: THE STORY OF FORD V FERRARI**, premiering **Sunday, November 24 at 8 PM ET/PT**, focuses on the events surrounding one of the most legendary rivalries in auto racing and pairs with the Disney/Fox box office sensation, "Ford v Ferrari."

**AUTO/BIOGRAPHY: THE STORY OF FORD V FERRARI** includes one-on-one interviews with Christian Bale and Matt Damon, stars of the new feature film "Ford V Ferrari", as well as footage from "Ford v Ferrari" interwoven with archival footage. The special draws on the storytelling style of MotorTrend TV's hit series **AUTO/BIOGRAPHY** and is hosted by Tim Donahue and Michael May.

**AUTO/BIOGRAPHY** explores four wheeled mysteries that run deeper than what's under the hood. In every episode, automotive historian Tim Donahue and automotive filmmaker Michael May use forensic science, dogged fact-finding and in-depth, historic research to seek answers to the world's most improbable vehicular mysteries. Automotive whodunnits unravel on a global scale as amazing stories of buried Ferraris, Chevys on the bottom of lake beds, haunted Porsches and even the missing famous Lotus Esprit S1 from the James Bond film "The Spy Who Loved Me" are investigated. Donahue and May retell each story in detail with the help of experts, investigators, journalists, car owners and even some of the criminals involved in each case. Watch every episode of **AUTO/BIOGRAPHY** now on the MotorTrend App, the only subscription streaming service dedicated entirely to the motoring world.
