WHERE/WHEN: Premieres Wednesday, August 24, at 9 p.m. ET/PT on HGTV and available to stream on [discovery+](#)

WHO: Farmhouse fanatic and avid home renovator, [Jonathan Knight](#), will bring more centuries-old New England farmhouses back to life in a new season of the hit HGTV series, *Farmhouse Fixer*. The new episodes will follow Jonathan, best known as a member of the Grammy®-nominated band New Kids on the Block, and designer [Kristina Crestin](#), as they renovate old properties into exquisite modern homes, all while keeping the original charm. This season, fans also can look forward to multiple guest appearances from fellow HGTV stars including Lyndsay Lamb and Leslie Davis (*Unsellable Houses*), Jenny Marrs (*Fixer to Fabulous*) and Mike Lemieux (*Houses with History*). In addition, Jonathan will offer his expertise to TLC stars Bill Klein and Jennifer Arnold (*The Little Couple*) as they look for a farmhouse in New England.

In the season premiere, Jonathan will help the Kuprycz family, who recently purchased a 1798 farmhouse in New Hampshire. The family, who live on the west coast, needs Jonathan to transform the cramped, mismatched house before they arrive. Undaunted by the long-distance renovation, Jonathan will step in to make the ramshackle old house into a gorgeous family home.

Farmhouse Fixer is produced by High Noon Entertainment.
