DESIGNER ALISON VICTORIA TAKES ON HER MOST PERSONAL PROJECT YET IN 'WINDY CITY REHAB: ALISON'S DREAM HOME' PREMIERING ON TUESDAY, JULY 25, AT 9 P.M. ET/PT

WHAT: *Windy City Rehab: Alison's Dream Home*

WHERE/WHEN: *Windy City Rehab: Alison's Dream Home* premieres Tuesday, July 25, at 9 p.m. ET/PT on HGTV.

WHO: HGTV's *Windy City Rehab: Alison's Dream Home* will spotlight the riskiest *and* most personal project ever for popular designer and home renovation expert [Alison Victoria](#). Millions of fans have watched Alison's latest life chapters unfold in her hit series [Windy City Rehab](#) and now she is ready to share more of her journey as she transforms her current Chicago office—a 6,250-square foot warehouse built in 1930—into her very own “live-work” dream home.

In the series premiere, Alison's creative inspiration will kick into high gear as she walks through the massive space visualizing where to incorporate her favorite show-stopping design elements, including an expansive kitchen with marble countertops, eye-catching copper range hood and cabinetry that extends 12 feet up to the ceiling. In addition to installing an impressive home theater and a bar that holds 100 bottles of wine, she also will transform an old office storage space into an indoor courtyard complete with a "sp-ool" or spa/pool, skylights and handmade planter boxes. To make her new home truly one of a kind, Allison will integrate several stunning antiques, including 19th century hand-painted gold French doors and a mantel imported from Paris.

Windy City Rehab: Alison's Dream Home is produced by Big Table Media.
