WHAT: [Unsellable Houses](#)

WHERE/WHEN: *Unsellable Houses* premieres Sunday, September 10, at 8 p.m. ET/PT on HGTV.

WHO: Washington state natives and top-producing real estate agents [Lyndsay Lamb](#) and [Leslie Davis](#) will face their most difficult challenges yet to help homeowners sell languishing properties in 13 new episodes of ***Unsellable Houses***. During the hit series, which attracted 23.4 million viewers to its last season, the dynamic twin sisters rely on Lyndsay's expertise in home renovation, design and staging and Leslie's budget and negotiation savvy to fight against the slowing housing market and get top dollar for their clients' homes across the Pacific Northwest. Unexpected issues, costly repairs and stressful timelines will stretch them to the limit, but the duo will confidently invest their know-how and even their own money to overhaul stagnant listings and attract the right buyers.

In the premiere episode, Lyndsay and Leslie will help a couple whose spacious yet outdated house in Shoreline, Washington, has lagged on the market for more than 30 days. They'll have to work fast, as the couple already purchased a new home and are paying two mortgages. Through bold exterior finishes and a modern bathroom revamp, Lyndsay and Leslie will transform the house from unsellable to open-house ready.
