WHERE/WHEN: Premieres Tuesday, November 7, at 8 p.m. ET/PT on HGTV

WHO: Husband-and-wife renovation duo [Dave](#) and [Jenny Marrs](#) will bring more of Bentonville, Arkansas', dilapidated houses to life in a new season of the hit HGTV series, *Fixer to Fabulous*. In each of the 16 new episodes, the Marrs will channel Dave's construction know-how and master carpentry skills and Jenny's knack for design to complete one-of-a-kind home transformations for their clients. Throughout the season, Dave and Jenny will take on a wide range of overhauls including a family horse ranch, a special renovation for a homeowner facing deployment and a personal project at their own farmhouse revamping their primary suite and kids' rooms.

In the premiere episode, the Marrs give a family friend's first home an English cottage-inspired makeover informed by her time spent studying abroad. As demolition gets underway, Dave and Jenny uncover an unexpected obstacle when they discover the home's crawl space is filled with water.
