**Discovery Channel's Hit Series are Back This October
with World Premiere Episodes**

(Silver Spring, Md.) – The fall TV season is here and Discovery Channel's schedule is bursting with fan favorites. This October, viewers can go along with Mike on new dirty jobs, investigate intriguing paranormal action, use science to test myths and legends, chase dangerous storms and invade murky, dangerous swamps.

All Times ET/PT.

MYTHBUSTERS - Returning Wednesdays at 9 PM Beginning October 6th

Fresh off its second Emmy® nomination for Outstanding Reality Program, **MYTHBUSTERS** returns **Wednesday, October 6th** with explosive world premiere episodes airing throughout the remainder of 2010. Called "the best science show on television," hosts Adam Savage, Jamie Hyneman, Kari Byron, Tory Belleci and Grant Imahara aim to uncover the truth behind popular myths and legends by utilizing their own signature style of experimentation that mixes scientific method with gleeful curiosity and plain old-fashioned ingenuity.

In the October 6th premiere episode, ***Hair of the Dog***, find out if man can truly outsmart his best friend as the **MYTHBUSTERS** test two shaggy-dog tales with the help of crime-fighting canines. Throughout the new fall episodes, the team will tackle myths, both well-known and obscure, including: Is driving tired far more dangerous than driving slightly inebriated? Does being frightened really cause cold feet? Do humans use only 10 percent of their brain? Does changing your tire pressure really give you greater gas mileage?

Screeners available upon request. Episodic photos from the new season available at <http://press.discovery.com/us/dsc/programs/mythbusters/>

SWAMP LOGGERS - Returning Fridays at 9 PM Beginning October 8th

Fourth generation logger Bobby Goodson is a rare breed of **SWAMP LOGGERS** working the murky, dangerous swamps of North Carolina in search of high value timber for everything from paper products to construction grade lumber. He and his family return this fall on **Friday, October 8th** at 9 PM.

- more -

In the second season the crew enters summer, enduring scorching heat while battling new challenges ranging from increasing pressure to cut and haul more timber, to dividing the team to log multiple tracts. As they face extreme weather, personnel issues, mechanical breakdowns and the constant push to grow the business during a time of economic uncertainty, the crew of Goodson's All-Terrain Logging works together to maintain their reputation of being the best swamp loggers around.

STORM CHASERS – Returning Wednesdays at 10 PM Beginning October 13th

Television's most electrifying hour returns with bigger storms and higher stakes. **STORM CHASERS'** teams are on the scene recording data and gathering research in order to improve early warning systems. This fall, viewers will get a front row seat to nature's fury in the heart of "Tornado Alley" as scientists, researchers and weather enthusiasts gear up and strap in for their pursuit of the ultimate tornado footage.

This season, viewers witness how the courageous **STORM CHASERS** used science to save lives last spring, which was one of the most violent storm seasons on record. Extreme meteorologist Reed Timmer reunites with chasing partner Joel Taylor in their armored chase vehicle "The Dominator" for the exciting fourth season, premiering **Wednesday, October 13th** at 10 PM. They race to be first on the storm scene ahead of IMAX filmmaker Sean Casey and his monster tank-like TIV (Tornado Intercept Vehicle) and veteran researcher and storm chaser Tim Samaras.

DIRTY JOBS WITH MIKE ROWE- Returning Tuesdays at 9 PM Beginning October 19th

Mike Rowe, the world's most sought-after guinea pig for all things dirty and messy, returns Tuesdays at 9PM beginning **October 19th**, for brand-new episodes of the Emmy[®]-nominated series **DIRTY JOBS WITH MIKE ROWE**. In the continuation of season five, Mike will try his hand at professions such as a meat processor, a landfill operator, coin cleaner, horse tester and bug detective, adding even more diversity to his extensive resume. By enduring these occupations, he serves as apprentice to the hard-working and skilled men and women who make civilized life possible for the rest of us each and every day.

GHOST LAB - Sneak Peek Tuesday, October 19 at 10 PM

Airs Regularly Thursdays at 10 PM ET/PT Beginning October 21st

Brad and Barry Klinge are back for another chilling season of **GHOST LAB**. The fall premiere episodes kicks off with a special sneak peek on October 19th at 10 PM airs regularly on Thursdays at 10 PM beginning October 21st. The series features “Everyday Paranormal,” an investigative team founded by the San Antonio-based brothers. With the help of the latest technology and a decked-out travelling “ghost lab” – a mobile research and investigative hub used for research, real time analysis and two-way communication – they tackle some of America’s most haunted locations.

This season the brothers head to Gettysburg, the site of Brad’s first paranormal experience that sparked his and his brother’s interest in investigating these phenomena. They also travel to New England where they call in a prosecutor to help uncover who may have really killed Lizzie Borden’s parents. The team takes on the icy depths of Lake Superior, where shipwrecks may have spirits lurking in watery graves, and later in the season, Brad and Barry go guns blazing to Deadwood...where they may have to face down the ghost of Wild Bill Hickok.
