*Nothing Can Stop His Cat Mojo!*

**THE “CAT DADDY” RETURNS AND FACES SOME FUR-IOUS  
FELINES IN THE NEW SEASON OF *MY CAT FROM HELL*  
BEGINNING SATURDAY, APRIL 4**

(LOS ANGELES, CA – March 10, 2015) Jackson Galaxy, aka the Cat Daddy, is faced with a whole new set of cat-astrophes, which test his skills against some of the most claw-some felines in the new 10-episode season of **MY CAT FROM HELL** beginning **Saturday, April 4, at 8 PM ET/PT.**

This season, Jackson travels from coast to coast assisting cat families who need help establishing a harmonious living situation. Jackson’s first client of the season is model and social media star Adrienne Curry and her menacing cat, Billy Shears. When Billy isn’t playing with his poop or meowing at all hours of the night, he’s destroying their 1920’s art deco apartment with his scratching. Jackson also counsels other high-profile cases, including the Internet-famous Jimmy Slap cat and a former Real Housewife of Orange County, who is dealing with a different kind of cat fight! Plus, Jackson deals with a kitten that refuses to make friends with the litter box (possibly because its owner insists on dressing it up) as well as a cat obsessed with licking its humans and a couple who is held prisoner by a bloodthirsty feline. Litter-ally Jackson deals with some of the worst cat-on-cat and cat-to-human aggression!

In each episode, Galaxy aims to correct cat behavior and improve relationships between felines and their guardians...sometimes, it's not only the cat's attitude that needs Galaxy's magic touch! Jackson always has one goal in mind: to prevent pet guardians from giving up their pet and contributing to already overcrowded shelters.

**MY CAT FROM HELL** is produced for Animal Planet by 3 Ball Entertainment. Melinda Toporoff is the executive producer and Pat Dempsey is the associate producer for Animal Planet. JD Roth, Todd A. Nelson and Adam Kaloustian are executive producers for 3 Ball Entertainment. Jackson Galaxy is also an executive producer.
