**SCIENCE CHANNEL RENEWS THROUGH THE WORMHOLE WITH MORGAN FREEMAN**  
*New Season Ordered for Academy Award® Winner Morgan Freeman's Hit Series*

(Silver Spring, Md.) – Science Channel Debbie Myers announced series renewal for the network's hit summer series **THROUGH THE WORMHOLE WITH MORGAN FREEMAN**. The program made network history on its July 9 premiere posting the highest rating ever for a series launch on Science Channel. **The season finale airs Wednesday, July 28 at 10PM ET/PT on Science Channel.** In the conclusion of season one, Freeman looks at dark matter and dark energy and how these mysterious forces seem to be pushing apart the very fabric of our cosmos.

"Morgan and I are thrilled that the work of Revelations Entertainment has been embraced by The Science Channel. We look forward to continuing our relationship with them and producing another successful season," said Lori McCreary, Revelations' CEO and Executive Producer of **THROUGH THE WORMHOLE WITH MORGAN FREEMAN**.

From the search for scientific evidence of a Creator to black holes to how the universe will end, **THROUGH THE WORMHOLE** links viewers to new, mind-bending questions and possible answers. Utilizing the latest work at NASA and linking to the newest theories of academics and researchers, the series explores how astrobology, string theory, quantum mechanics and astrophysics are pushing the boundaries of how we understand the universe and our place in it.
